4. In response to my specific inquiry, [REDACTED] assured me that the distribution of this summary of CIA activities will be governed by the same special security precautions that were observed in connection with the annual status report submitted earlier this year; that is, in the distribution of the PSB Quarterly Progress Report to the National Security Council the section relating to CIA activities will be labeled, "Eyes Only," and will be included only in those copies sent to the President, members of the National Security Council, the Chief of Staff, and the National Security Council Secretariat. A copy may also go to Mr. Joyce of the State Department. In addition, when the final draft of this report is presented to the Psychological Strategy Board for

approval,

approval, only one of the copies which are sent in advance of the meeting to each of the three member agencies will contain the CIA section. If you think it necessary, these security precautions can be confirmed in your memorandum to the Psychological Strategy Board which conveys the attached report and comments.
